Subaru Australia does not recommend the use of chemical additives, which are not specifically required or recommended by Subaru Australia or Subaru Corporation (previously Fuji Heavy Industries) as necessary for the servicing of Subaru vehicles. You should also be aware that the use of non-recommended chemical additives could cause damage that may not be covered by the Manufacturer's warranty.

not a viable option, the six-speed is a much better proposition for repair, and depending on mileage and the extent of the damage, it might be an economic proposition to repair rather than replace. The most common problems with the six-speed STI box are jumping out of 4th 5th and 6th gears, worn forks, and worn hubs. All these components ...

I am looking at a 2018 Subaru Forester with a manual transmission and want to tow it 4 wheels down behind my RV. With the transmission in neutral will I damage the drive train by doing this? Reply. Martin Hand says: September 5, 2018 at 4:55 pm. I think it will be okay but I'm not for sure I would ask a tow company or RV shop where they sell the tow bar, they probably have more expeience ...
