[Top 11 Best Statistics Books | WallStreetMojo](#)

From my experience of DMing and playing several 5th edition campaigns, I can say “Lucky” is certainly one of the best feats when players know when to use it. Broken even. It is universally beneficial in that it gives any character the power of probability manipulation. I always ban it after my last campaign. Every player took lucky as their first feat and always used it at critical moments ...

[Dungeon Master's Basic Rules | Dungeons & Dragons](#)

D&D 5th edition has produced a steep positive trend for me for I think one general reason. When playing even 2nd edition, but very much so for 3.0, 3.5, and even 4.0, I found myself interacting with my character in the game more as a

playing piece than a character in a story. Concerns about where to put skill points, and if a particular collection and order of choice for Feats began to ...
